### Overview

A.M. Communications Solutions, Inc. is a women-owned small business providing expertise in hospital-grade and commercial televisions, mounting solutions, nurse call, security cameras, and patient entertainment and education since 1999. Focusing on consultation, purchasing, installation, and servicing, A.M. Communications Solutions, Inc. offers exceptional pricing and customer service.

### Work with A.M. Communications Solutions, Inc. for our:

- Expertise in low-voltage television systems, as well as RF and IPTV headends.
- Comprehensive understanding of the technological needs of medical care facilities, ranging from dialysis centers to major hospital networks.
- Specialization in patient entertainment and education, in addition to an array of content providers.
- Commitment to constantly improving technologies, such as facility security systems and COVID-19 pandemic-response products.
- Highly-collaborative approach to working with our vendors, especially our partners at PDi Communications Systems, Inc.
- Twenty-years of experience selling to government entities, including installation and servicing.
